The gmail one is REAL

Milia, can you change - does JDP have the 2 step verification
or do we need
to do with him on the phone? Don't want to lock him out of his
in box!

Sara,

This is a legitimate email. John needs to change his password

immediately,

and ensure that two-factor authentication is turned on his

account.

He can go to this link: https://myaccount.google.com/security

to do both.

It is absolutely imperative that this is done ASAP.

If you or he has any questions, please reach out to me at
